

HAMBURG SUPERVISOR CANDIDATES: BIPARTISAN, ANTI-NEPOTISM PLEDGE

In a show of bipartisanship towards reforming Hamburg Town government, both the Republican and Democratic candidates for Supervisor sign this anti-nepotism pledge to end the “Friends and Family” plan within the walls of town government.

Both Republican and Democratic candidates for Hamburg Town Supervisor pledge the following to end political patronage that benefits privileged families while forcing taxpayers to foot the bill:

We, the undersigned, candidates for Hamburg Town Supervisor, will ban the following immediate family members from working on the Town of Hamburg government payroll:

- Spouses, husbands, wives
- Brothers
- Sisters
- First Cousins
- Aunts
- Uncles
- Children
- Grandchildren

We, the undersigned, candidates for Hamburg Town Supervisor, will also ask the following family members currently on any Town government payroll, to resign to avoid all conflicts of interests:

- Spouses, wives, husbands
- Brothers
- Sisters

In a bipartisan manner, we both agree the Hamburg Town Supervisor cannot effectively govern due to potential ethical conflicts of supervising sisters or wives or having spouses on the government payroll. We pledge to put taxpayers first and not serve to expand the “Friends and Family” plan in Hamburg.
